

UNITED NATIONS
OFFICE OF THE RESIDENT COORDINATOR

September 2, 1998

Dear Shiksha and Trilo,

As we are leaving shortly, after a really enjoyable turn of office in Mauritius, I would like to take this opportunity of recording our very deep and sincere appreciation of your continued and devoted effort in the promotion of the practice of YOGA in Mauritius. Your presentation on the television, on Sunday mornings, makes it appear so simple and easy.

We are aware that a few years back, the Residential Camp organized by you to assist and afford relief to persons suffering from diabetes, blood pressure and backache, etc., was well acclaimed at high levels and that your courses for Physical Education Teachers were successful.

We wish you well in your endeavours in such a noble field of activity, and hope to keep in touch.

My best regards to you all.

Yours sincerely,
