TO WHOM IT MAY CONCERN

We have had the pleasure of visiting the International Yoga Therapy Camp held in September 1994 at Chinmaya Centre, Beau-Bassin, at the invitation of the Ackbar Yoga Movement.

In company of Honourable Mr. Régis Finette, Minister of Health, and Mr. V. Rajcoomar of the WHO, Mauritius, we had full opportunity of grasping the scope and extent of the operations directed towards giving much needed relief to participants suffering principally from psychosomatic disease, Asthma, Diabetes, Sinus, High Blood Pressure and stress related complaints.

As the avowed aim and purpose of such therapy is to complement modern medicine, we feel that the devotion and commitment of those responsible for the movement here needs to be encouraged.

UNDP congratulates the Ackbar Yoga Movement on this initiative as it can certainly benefit the general state of health of this country.

The Ackbar Yoga Movement's team was composed of Trilo Gujadhur and Shiksha Gujadhur, from Mauritius, and Jurgen Grebner and Ilona Melcher from Germany.
